Re: **Greystone CDE, LLC v. Santa Fe Pointe, L.P. et.al**  
**U.S. Dist. Ct., SDNY, Docket No. 07 CIV 8377**

Dear Judge Patterson:

We are the attorneys for Plaintiff in the above. We write in connection with the Case Management Conference scheduled for tomorrow at 9 a.m. (about which Defendants' California counsel have previously been advised) and request an adjournment thereof to December 11, 2007 at 9:30 a.m.

As your Honor may recall, on November 29, 2007, the court denied Plaintiff's motion for entry of a default judgment and wrote (at p. 10) "...[t]o cure the defect in service of process, Plaintiff may serve Defendants in accordance with the parties' agreement as interpreted in this opinion." Accordingly, on November 30, 2007, Plaintiff re-served defendants by certified mail R.R.R. We now have confirmation from the USPO that the pleadings sent to defendants Sante Fe L.P. and Sante Fe LLC have been delivered; we await word from the USPO in respect of defendants Oliphant and Rant.

We assume that by next week we should know whether the pleadings sent to defendants Oliphant and Rant by certified mail have been received, or, alternatively, whether said defendants are avoiding service. If the latter, we would like to have the court's guidance, as soon as possible. Therefore, we respectfully request that tomorrow's conference be adjourned to December 11, 2007 at 9:30 a.m. On the other hand, if the USPO should encounter no problems with service, then, prior to next Tuesday, we will so advise the court and ask that the Case Management Conference be adjourned until after defendants have appeared.

Respectfully,

Stephen M. Harnik
